CUSTOM ART PRINT PROPOSAL

IMPORTANT NOTE

Our Suggestions

The aim is to harmonize colour, design and visual language to communicate the speciality of the property, location and its offerings.

Reference Images

All custom art suggestion images are visual representations of the style of art we can create for you. We do not plagiarize, therefore the new custom original will have a different look and feel to the references provided here.

Customizing Pre-Existing Prints

All our originals can be customized to fit the visual story of the surrounding art. This can include changes to design, colour and orientation (portrait, landscape etc)

AYURVEDA COTTAGE

AREA DESIGN ELEMENTS

EXISTING ART SUGGESTION/REFERENCE

ARTWORK AT LIVING AREA : TREE OF LIFE

ARTWORK ABOVE LUGG. RACK ARTWORK AT HEADBOARD

The Ayurveda Cottages are an extension of the resort's wellness program. In keeping with the wellness theme, the artwork should take inspiration from the flora of Kerala and the use of various healing plants in the Ayurveda tradition.

AREA FABRICS + PATTERNS

AREA COLOUR THEME

MAIN BEDROOM WALL

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Currently, both the placement and visuals of the suggested artwork **do not harmonize with the space or each other.**

Stylistically they are **dissimilar and do not enhance** the **wellness theme** specific to the Ayurveda Cottages.

Suggested size and placement also seems a bit awkward, and creates more disharmony.

MAIN BEDROOM WALL

PROPOSED SOLUTION

Using the **Tree of Life as a theme of healing** and instead create one custom statement painting that is treated like a **dyptich**.

Two large pieces will be set side by side for visual interest, completing one singular visual, **covering a more significant portion of the wall**.

SEATING AREA WALL

PROPOSED SOLUTION

Harmonizing colours and style in small print **to the main artwork** in the room.

WALL ABOVE LUGGAGE RACK

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Beautiful pieces individually, but lack harmony with the main artwork in the room.

PROPOSED SOLUTION

An **existing piece from our original collection**; healing lotuses, but with more realistic compositional elements.

WALL ABOVE BATHTUB

PROPOSED ART

Warm toned tropical foliage to add a pop of colour to the bathroom.

WALL ABOVE WC

PROPOSED ART

Representation of cottage by the water, pop of colour on empty wall.

GARDEN COTTAGE

AREA DESIGN ELEMENTS

EXISTING ART SUGGESTION/REFERENCE

ARTWORK TREE OF LIFE

ARTWORK ABOVE LUGG. RACK

ARTWORK ABOVE WC

In keeping with the wellness theme, the artwork should take inspiration from the flora of Kerala and the use of various healing plants in the Ayurveda tradition.

AREA FABRICS + PATTERNS

AREA COLOUR THEME

GF: WALL ABOVE SOFA

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

A nice option, the artwork does not necessarily speak to the “garden” or healing theme of the cottage, due to the stylistic representation of the Tree of Life.

PROPOSED SOLUTION

A grand, more organic representation of the Tree of Life, with bird and garden motifs to give a more natural feel to the art.

WALL ABOVE LUGGAGE RACK

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Beautiful pieces individually, but lack harmony with the main artwork in the room.

PROPOSED SOLUTION

Harmonizing colours and style **to the main artwork** in the room.

GF: WALL ABOVE WC

EXISTING ART SUGGESTION/REFERENCE

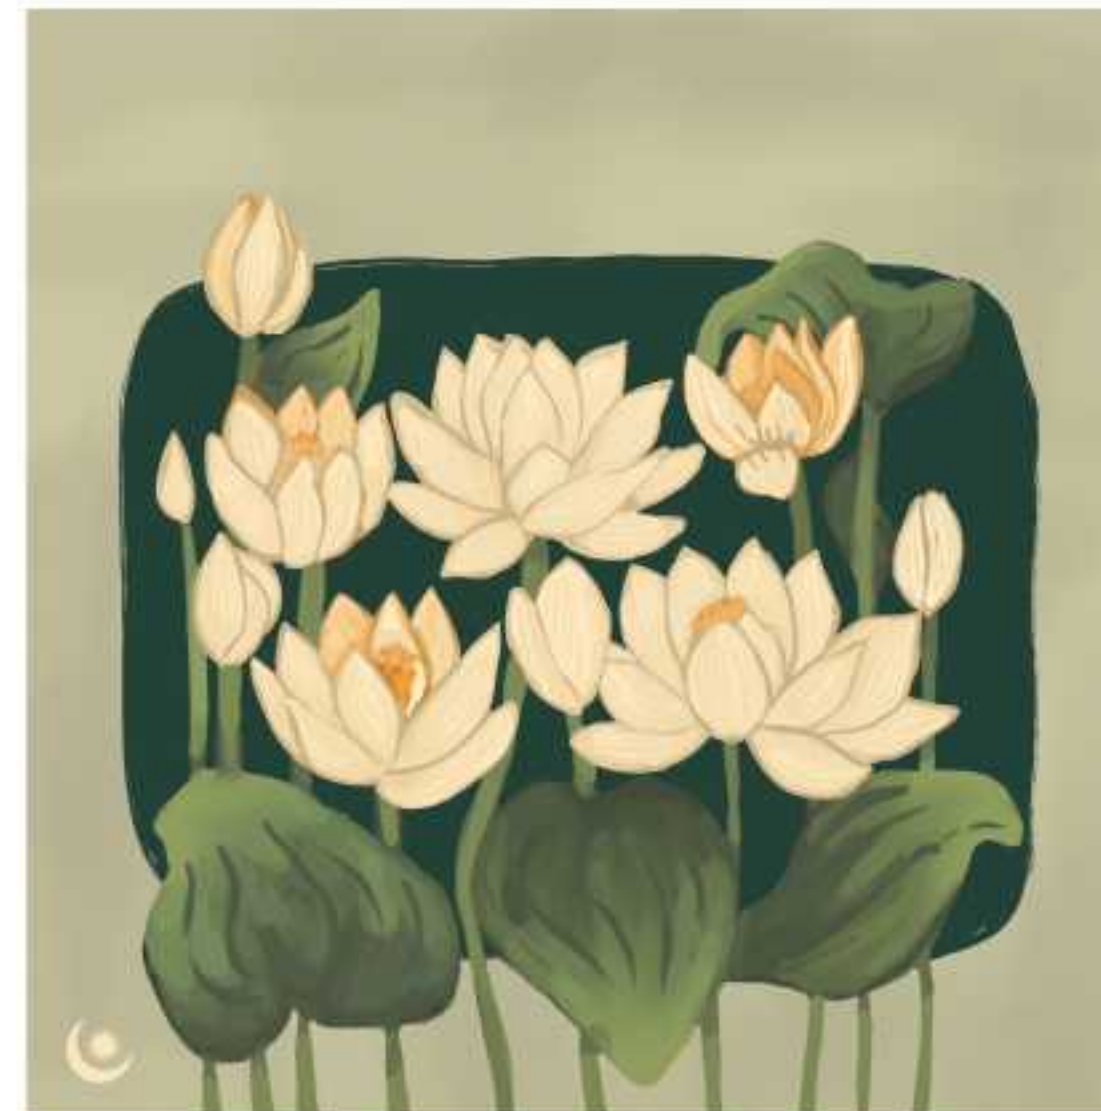

CURRENT SUGGESTION

Soothing and simple imagery of a white lotus, a symbol of purity.

OUR MATCH

An **existing piece from our original collection**; same concept of a white lotus, but with more interesting compositional elements.

ATTIC: BEDSIDE (2 ARTWORKS)

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Soothing and simple imagery of a white lotus. However, repeated on both sides of the bed seems haphazard instead of curated.

PROPOSED SOLUTION

A pair of lotus prints, with a colour story to harmonize with the main artwork above the sofa.

ATTIC: WALL ABOVE SOFA

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

A nice option, the artwork does not necessarily speak to the “garden” or healing theme of the cottage, due to the stylistic representation of the Tree of Life.

PROPOSED SOLUTION

A grand, more organic representation of the Tree of Life, with bird and garden motifs to give a more natural feel to the art.

ATTIC: WALL ABOVE WC

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

A plant root that does not particularly enhance or relate to the theme in the rest of the room.

PROPOSED SOLUTION

An **existing piece from our original collection**; healing lotuses, but with more realistic compositional elements.

ESTUARY VIEW ROOM

AREA DESIGN ELEMENTS

EXISTING ART SUGGESTION/REFERENCE

ARTWORK ABOVE LOUNGE CHAIR

ARTWORK ABOVE LUGG. RACK

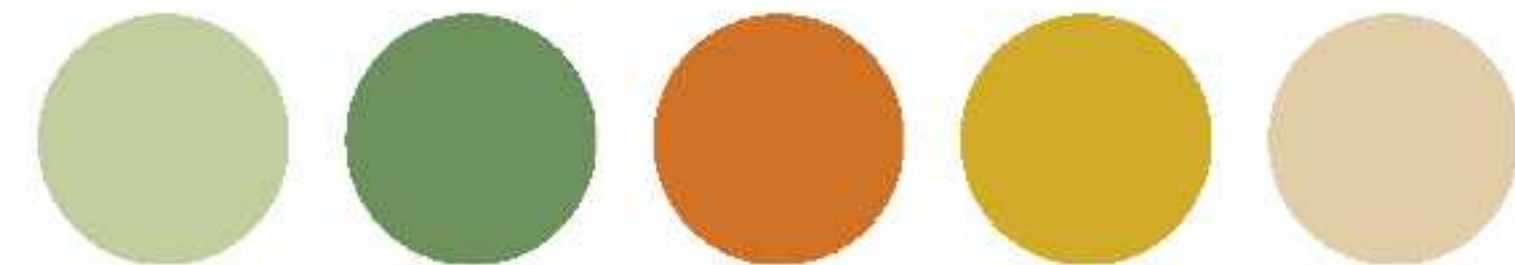

ARTWORK AT TOILET

AREA FABRICS + PATTERNS

AREA COLOUR THEME

WALL ABOVE LOUNGE CHAIR

EXISTING ART SUGGESTION/REFERENCE

The **current suggestion is a strong option**, that would harmonize well with the space.

Alternatively, a **custom piece inspired by real images** of the estuary view from the hotel.

WALL ABOVE LUGGAGE RACK

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Strong visual theme, however can enhance the experience of the room by tying more into the estuary theme.

PROPOSED SOLUTION

Custom impressionist imagery of a boat on the water, tying into the Estuary theme of the room, as well as the main artwork.

WALL ABOVE WC

EXISTING ART SUGGESTION/REFERENCE

CURRENT CHALLENGE

Strong visual theme, however disjointed from proposed colour theme of main artwork in the room. Would work better to harmonize colour story.

PROPOSED SOLUTION

Similar custom imagery of palm trees by the water, in vibrant warmer tones to enhance the room's colour story, carrying from the bedroom into the bathroom area.
